PICAL
COMMUNITY CENTRE

WALK AGAINST DOMESTIC VIOLENCE

16 Days of Activism is an opportunity for people across every community all over the world to unite and take action to help prevent and eliminate gender based violence.

The colour orange is used throughout this campaign as a symbol of hope for a brighter future for all. Please wear something orange.

We are walking from PICAL to Berninneit for our community where all people feel safe, informed, well and healthy.

Friday 20th November
